

Sakura (Hawaiian Hanafuda)

How to Play For Points - Quick Guide

1. Remove *Kings, Jokers, Point & Yaku* guide cards.
2. Shuffle the deck. Deal cards per the chart (see back). Player cards face down, Field cards face up.
3. On their turn, a player must play a card from their hand. If their card matches a Field card of the same **Hanafuda suit**, player keeps the match. If no match is made, the card remains face up on the Field. The same player then draws a card and tries to match it to a Field card. If no match is made, the drawn card remains face up on the Field.
4. Player keeps captured point cards lined up on the side, face up, and discards non-point cards.
5. Play continues until all cards have been used.
6. The player with the most points wins!

There are 12 Hanafuda Suits. Each suit contains 4 cards and has a common theme. e.g. All 6's are a suit (*Shaved Ice* cards). All Ace's are a suit (*Sushi* cards).
